

PolyCover

Specialist Flexible Packaging

Mitre Seal Box Liners

Features include:

- Eliminates loss of product trapped inside gussets
- Reduces stress points on the bottom seal
- Strengthens the bottom seal to stop leakage
- 100% recyclable material - BRC Food Grade Certified
- Available in a range of colours and custom sizes
- Ideal for use within food production and food processing environments
- Can help with reducing the thickness of existing bags but not compromise strength
